Profile

I am a highly competent Computer Engineering student.

I am eager to be challenged in order to grow and further improve my IT skills.

My main interests are Embedded Systems and Software Development.

Professional Experience

January 2017 – Present	Berlin

Contract Worker at various temporary work agencies:

Different jobs at 4 different Companies (Zenjob, Studitemps, GVO Personal, BUHL Personal) as a student.

Extensive experience with international people as a sales assistant, kitchen assistant, warehouse worker and a team leader.

Quick to integrate and blend-in due to the diversity of workplaces (+30 Hotels and restaurants, 5 warehouses, 3 retail stores and 2 marketing companies).

Education
